HAREM BATHING SUIT

Here is the harem bathing suit made of black taffeta, trimmed with gold satin. A skirt is not a part of this costume, bloomers being worn. The hat, with its Shakespearean effect, is most charming. The ringer, stockings and the novel cut shoes complete the costume, a most unusual one that will find favor with the summer sea nymphs.

ZEPPELINS AGAIN RAID ENGLAND AND SCOTLAND.
LONDON, May 2.—Five hostile airships attacked the northeast coast of England and the southeast coast of Scotland last night.

The official announcement on the raid says that the movements of the raiders appeared uncertain, adding confusion.

London Marine underwriters have announced a general advance in rates from Liverpool, London and English east coast ports to New York.

Wood consumed annually in this country in manufacture of paper amounts to 4,500,000 cords.

GOOD PLAYER, BUT NESS HAS NO JOB

The Chicago White Sox offered Jack Ness back to Oakland, but that club, having Maize, Barry on first, decided to pass. At other Coast league clubs seen and fixed for first basemen too, so that in spite of Ness' popularity in 1915 circuit there seems no place for him.

TEXAS CANDIDATE SEEKS GERMAN AID

Glass of Hot Water Before Breakfast a Splendid Habit
 Open sluices of the system each morning and wash away the poisonous, stagnant matter.

Those of us who are accustomed to feel dull and heavy when we arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, lame back, can, instead, both look and feel as fresh as a daisy always by washing the poisons and toxins from the body with phosphated hot water each morning.

We should drink, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to flush from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and verifying the entire alimentary tract before putting more food into the stomach.

The action of limestone phosphate and hot water on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast and it is said to be but a little while until the roses begin to appear in the cheeks. A quarter pound of limestone phosphate will cost very little at the drug store, but is sufficient to make anyone who is bothered with biliousness, constipation, stomach trouble or rheumatism a real enthusiast on the subject of internal sanitation. Try it and you are assured that you will look better and feel better in every way shortly. —Advertisement.

LAY REVOLT TO IRISH SECRETARY

British newspapers, even the Liberal organs, are demanding the resignation of Augustine Birrell, chief secretary for Ireland, as a result of the Sinn Féin uprising. They demand Birrell should have been prepared for any such revolt and nipped it in the bud before it assumed such serious proportions. Premier Asquith declared that the failure of Birrell to take precautionary action was not due to any decision of the cabinet.
